**SAFETY INFORMATION ON
ARTICULUS™ SPRAY APPLIED EXPANSION JOINT**

Articulus™ expansion joints are classified as articles under OSHA regulation. Articulus expansion joints do not require formal safety data sheets or certificates of analysis under OSHA Standard – “Hazardous Communications” – 29 CFR 1910.1200. They are safe for shipment by air, sea or ground transportation.

The Articulus expansion joints are a pre-molded polymer material designed to work directly with Bridge Deck Membrane waterproofing, creating a continuous seamless waterproof membrane system over the entire bridge structure.

Articulus expansion joints consist of stable, non-reactive materials. They are non-volatile and not radioactive. Articulus expansion joints and their components do not contain latex, mercury, DEHP or lead. The excess material can be discarded according to local environmental waste procedures and regulations.
